

For Immediate Release

The 2020 Carolina International CCI and Horse Trials on Schedule for March 19 – 22, 2020

Carolina Horse Park Monitoring Coronavirus Information

Raeford, NC (March 12): As news of the Coronavirus (COVID-19) continues to increase concern throughout the United States, the Carolina International CCI and HT is on schedule to run on March 19-22, 2020. The Carolina Horse Park is working hard to ensure the safest environment for everyone that visits the Park. Moving forward Park Officials and the Carolina International Organizing Committee will continue to monitor information from the CDC, North Carolina Officials, and USEF as we move forward and consider additional steps as they may become mandated or necessary.

To protect against exposure risk, the Park is taking all available precautions and following rigorous sanitary protocols. We encourage people that are feeling ill to remain at home. For those attending the event, please stay 6 feet away from other people when possible and wash your hands regularly. The use of hand sanitizer is a necessity and cleaning surfaces touched regularly by people is also highly recommended.

The CI Organizing Committee is carefully following state health guidelines and is working proactively with healthcare liaisons, public officials and healthcare officials in the area as well as our safety coordinators to ensure we are in compliance with state regulations. The Carolina Horse Park looks forward to hosting our competitors, owners, and spectators on March 19 – 22.
